

G B NAGESH KUMAR

AI/ML Engineer • Generative AI & Prompt Engineering • Data Analyst

Bangalore, India | +91 63045 59351 | gbnageshkumar999@gmail.com | linkedin.com/in/g-b-nagesh-kumar-naidu | github.com/GBNAGESHKUMARNAIDU999

PROFESSIONAL SUMMARY

AI/ML Engineering graduate specializing in Generative AI, Prompt Engineering, and LLM-based application development. Hands-on experience building AI-powered assistants, conversational chatbots, and context-aware recommendation systems. Proficient in Python, SQL, and Power BI for data analysis and visualization, with a strong foundation in NLP and machine learning fundamentals. Quick learner with proven ability to translate business requirements into functional AI workflows; seeking an entry-level AI/ML or Data Analyst role to apply and grow these skills.

TECHNICAL SKILLS

Programming	Python, SQL, HTML, CSS
AI / Machine Learning	Generative AI, Large Language Models (LLMs), Prompt Engineering, NLP Fundamentals, Machine Learning Fundamentals
Data Analytics	Power BI, Microsoft Excel, Data Analysis, Data Visualization, Reporting
Tools & Platforms	Git, GitHub, ChatGPT, Google Bard, VS Code
Core Strengths	Problem-Solving, Analytical Thinking, Team Collaboration, Adaptability, Communication

PROJECTS

Dark Fashion AI — AI-Powered Virtual Styling Assistant Python • LLMs • Prompt Engineering

- Built a virtual styling assistant that generates personalized outfit recommendations using LLMs and structured prompt engineering, translating natural-language user preferences into curated suggestions.
- Designed context-aware recommendation workflows that adapt to conversational input, improving relevance of results without manual filtering.

DARK-AI — Adaptive Conversational Assistant Python • LLMs • Prompt Engineering

- Developed an intelligent AI assistant delivering analytical, context-adaptive conversational responses using advanced prompt-engineering techniques.
- Engineered reusable prompt templates and interaction workflows to keep responses consistent and on-topic across varied user queries.

Dark Smart Questions Bot — AI Interview Prep Chatbot Python • LLMs • Prompt Engineering

- Created a chatbot that dynamically generates structured, role-specific interview questions using LLM-based content generation.
- Applied prompt-engineering strategies to control question difficulty and topic coverage for a more targeted prep experience.

EDUCATION

Bachelor of Engineering (B.E.) — Artificial Intelligence & Machine Learning 2025

Visvesvaraya Technological University | CGPA: 7.9 / 10

Pre-University Course (PCMB — Science) 2021

Aditya PU College | 76%

CERTIFICATIONS

- Data Analyst Certification — PY SPIDERS
- SQL Certification — PY SPIDERS
- Excel & Power BI Certification — PY SPIDERS
- Python Certification — GUVI

CORE COMPETENCIES

- AI-Powered Application Development
- Generative AI Solutions
- Conversational AI Systems
- Data Analytics & Reporting
- Intelligent Automation
